📌 PROJECT OVERVIEW

This TMDB Analytics Dashboard provides high-level business intelligence on global movie performance. It evaluates financial metrics, audience engagement, release dynamics, and genre trends to drive data-driven strategies for film production and distribution.

🎬 HOW TO NAVIGATE THIS DASHBOARD

Interactive Slicing: Click any Genre or Year to filter all visuals across the report. Trend Analysis: Use the Budget vs Revenue chart to identify low-budget, high-grossing hits. Rating Insights: Compare audience vote counts against overall rating scores to find true blockbusters versus cult classics. Executive Action: Use top-ranked lists for content acquisition and genre strategy planning.

🌟 THE STORY BEHIND THE DATA

Mission: Decoding cinematic trends to reveal what drives box-office success. Scope: Analyzing thousands of global movie titles spanning multiple decades of cinema history. Target Audience: Movie Producers, Studio Executives, and Media Analysts. Core Takeaway: Success in modern cinema relies on balancing audience popularity with financial return-on-investment (ROI).
